Mr. Freitas fairly comfortable today.

C.A.C.

7th. These 24 hrs. a strong N. wind prevails.
Lat. N ~~took in top gallant sails at 10 A.M.~~ all sail but royals at 10 A.M. ship
37°-42' close hauled on eastern tack. saw 2 steamers
Lon. W Mr. Freitas very restless & high fever testicle swollen
31°-41' more.

Lands this day.

8th. Strong N. took in top gallant sails at 10 A.M.
Former ~~8th~~ whaling bk. Platina crossed our
Lat. N stern at 5-30 P.M. & asked for our longitude
38°-00 she bound for St Miguel Azores.
Lon. W. Mr. Freitas, s fever not so high today & no
29-32 pain in testicle. took in upper topsails & fly jib at dark.

9th. Strong N. sighted Fayal & Pico at 4-30 A.M. made all sail but royals close hauled. whaling bark Greyhound close by heading in to land with us but holding up much better than the ~~N.~~ Hicks.

"Find Chas 20 miles E. of ship." (Burrand 2261)

Pico. another whaling bark came up, strong N. we beat all day at 5 P.M. wind going to W.N.W. & slacking. tacked at 5-30 P.M. & now standing in with Monte Cruz Fayal 1½ pts. on the bow. Mr Freitas easy today.

1911 New Bedford C. D. Chase Master

Sept.
10th. At daylight off Castel Blanca all sail heading for Horta mild light & current strong. anchored in nineteen fathom water outside breakwater at 9 A.M. wind not allowing us to get in. Greyhound also anchored outside. Alice Knowles going in. got Doctor & customs officials. Doctor advised Mr. Freitas to be sent to Hospital. Custom house boat took 18 loped tobacco ashore. Capt Chase went ashore & later returned for the mate but water was to rough for him to get in boat so Capt went ashore again, strong N. wind & fine.
So Ends. Both anchors down.
Found in port Bk. Wanderer, brig Viola schrs Pedro Varela, Margaret & the Richard Clark.

11th Strong North but slacking sea fairly smooth. Master came aboard at 7 A.M. & took Mr. Freitas ashore to Hospital. Pilot came aboard & took anchors made a board off shore & coming about, made the entrance to harbor & came to anchor. 8 A.M. moored ship two anchors ahead & one on each quarter. Sent starboard watch ashore at 6 P.M. for the night.

12th. Fine weather mild light from E and. washed ship, out side & got gear up for breaking out oil. a few men over sleept but all got on board in good shape during the day.
So ends Part with ashore

1911 Journal of Bk. Andrew

Cook went ashore to the Doctor today.

Sept. 13 Light S winds with rain, A.M. clearing in afternoon. at work in forepeak getting out shooks. cooper with a gang ashore setting up a set of shooks. Port watch came aboard in good order. So ends. some men of Starboard watch went ashore.

14th Comes in with a light N.E. wind. some hazy. at 7 AM sent coopers gang ashore to work on shooks. also setting up on board & getting out more. Starboard Port watch ashore. those who wished to come, at night. Schr. Why 300 land arrived in. side breakwater about 1 P.M. one three mast schr. whaler beating up in passage also one whaling bark. So ends another day.

15th. Light N.E. A.M. P.M. S.E. strong with rain at night. Cooper & gang finished setting up gang of shooks ashore started flagging. also gang aboard setting up gang of shooks. Bk. C. W. Morgan came inside breakwater at 6 A.M. 750 Bbls. Later Valkyrie 350 arr. came in. & at 11 AM. schr. Mystic 600 anchored inside. Several men of Port watch ashore at night with permission.

Saturday 16th Strong wind today from N.E. with rain by spells. crew employed getting out oil. have 38 casks on deck, ready for shipping early monday morning. Port watch ashore for the night.

Hikes Chas. A. Chase, Master.

Sept. 17 Sunday & blowing a stiff gale from the north with rain, watch did not get off until afternoon when it moderated.

So ends this day.

18th. This day came in with wind & rain from N. clearing at 6 A.M. shipped 403 bbls oil to John Richard W. Clark & took stores on board from store house. mid. V Cooper at work ashore flagging casks. No leave ashore tonight. filled 9 casks ashore with salt water to soak in order to put oil in them to ship. Mr. Gomes & Cooper only went ashore. So ends

19th. Fine weather wind N.E. employed getting out oil & transfering to R.W. Clark sent last of oil 133 bbls. making 5-36 for seasons work. Starboard watch ashore at night.

So ends

20th. Fine N.E., wind light. took a lighter of stone ballast & stowed abreast chain lockers. pumped water from after hold getting ready to stow provision. Port watch ashore at night. sent Steven Gifford to Hospital. Took steward to Doctor to draw off mine. could not pass water. went on board again.

So ends.

1911 Journal of Bk. Andrew Hicks

Sept. 21 This day has been fine & warm. wind S.E. crew employed taking on board stores from warehouse & stowing after hold. six men ~~ashore~~ ~~within~~ leave Fred Dolan, Langie Keely Canderette Chas. Robinson, White & Smith. Steward went to the doctor today.

22nd. Moderate S.W wind today. fine weather employed stowing hold. Steward went to the Hospital to be examined today. then went on board. two men did not show up today Authur Lamarange & Harvey.

P.S. So ends this day.
Discharged Mr. Freitas. took him to the ~~hospital~~ Consuls office & back to the hospital in a carriage.

23rd. Mod. N.E. wind close & muggy, employed stowing ground tier. got casks from shore. watch ashore at night to stay over Sunday.

Sifford came out of Hospital

So ends this day

24th. Strong S.S.E. with rain & less wind towards night. Starboard watch ashore all day. So ends this Sunday.

25- Gale from N. ~~spring~~ ~~up~~ during the last. night with rain. blowing heavy. could not take water. several ~~men~~ ashore wind moderating by spells during the day but nasty weather at night.

Chas. A. Chase Master.

Trusday 26th. Wind moderating but not sufficient to take water on board. no rain today. men on shore leave came on board this morning & sent the rest of them ashore after dinner, not being able to work.

Wedns. 27th. Strong N. got two rafts of water today. Thomas Philips did not come on board today. half of remaining crew on leave at night.

So ends this day.

28th. Strong Mod S. wind. fine weather. employed taking water. five men from shore working in boat. Philips on board

So ends this day.

29th. Mod. S. wind, warm & pleasant, employed rafting water & W. took on board potatoes for sea. five men at work from shore.

So Ends.

30th. Saturday, we have a moderate E. wind crew employed taking water, Potatoes, onions, pumpkins & ect. took balance of empty casks from shore. all on board at night ready for sea except clearing decks. watch came ashore at night. five men from shore working on board & in boat.

So ends this day.

Journal of Bk. Andrew Hicks

1911

Oct. 1 Fine weather with moderate variable winds. crew that have not deserted on shore leave with exception of one officer two boatsteers cook & boy. two men on board ("laborers") in case of emergency.

So ends this day.

Oct. 2 Monday. Fine weather with mod. S.W. wind. dying out at night got decks clear & fore & aft gallant yards sent up & sails bent. took a pilot & attempted to take an anchor Cooper two men & one boatsteer being missing. gave it up. no shore leave tonight.

So ends another day.

Oct. 3 Tuesday. At 7 A.M. started to get under way. at 11-30 took tug & towed outside breakwater. fourteen men forward having deserted. leaving on board after guard, with exception of Jno. Freitas who was discharged on account of sickness. found seven stowaways on board. also took one man on board who was discharged from the Bk. Alice Knowles. to land him at St. Nicolas, his home. wind light & baffling at 7 P.M. tack well to south & west in centre of passage. saw Bk. Alice Knowles come out at about 4 P.M.

So ends this day.

Capt. C. A. Chase Master

Oct. 4 Fresh E.S.E. winds. Sighted land in sight at daylight long way off (say 40 miles) bearing NNE by compass. also Bk. Ellen Knowles on the horizon. at 8 a.m. she spoke us & reported that she had twelve men in forecastle & going to Cape de Verdes for more men. our crew employed cleaning ship & breaking out provision. Sank heading S. by compass at dark close hauled. mid topsails fly jib & m. T. S. sail. courses.

So ends this day.

5th. Thursday, gives us a strong E.S.E. to N.E. wind. took in light sail &c. at 5 P.M. set fly jib again & at 6 set m. T. S. sail. steering S.E. & E. at dark.

So ends this day.

6th Lat. N. 34°-00 Lon. W. 26°-00 Strong winds, unsteady & squalls. Sank headding S.S.E. close hauled on port tack set fore top gallant sail at 4 P.M. mid Sank steering some & on more smooth.

So ends this day.

7th. Lat. N. 32-00 Lon. W. 24-38 Saturday Fresh N. wind. Sank under all sail steering S.S.E by compass.

So ends this day.

8th Sunday & fine weather light N. Wind all sail set steering S.S.E & S. am. after 3 P.M.

Lon. W. 42°-37'

Very light N. & N.E. saw two steamers going to S.W. Dark steering S.S.W. by compass. caught four or five large dolphin.

So ends Sunday

M. J. Bragil Coast (pains)

18th.
Lat. S. 25°-00'
Lon. W. 42°-52'

Very light E. saw nothing. steering S.S.W. Today. Just seen Cabo Frio [illegible] mounts. So ends.

17th.
Lat. S. 26°-22'
Lon. W. 43°-10'

Calm in early morning got moderate breeze at 8 A.M. from N. and nothing but grampus. Course Sby W by Compass.

So ends today.

20th.
Lat. S. 26°-8-0'
Lon. W. 43°-15'

Light N. then calm & P.M. light S breezing up some at dark. at 7 P.M. Dark & western taste. S.R. Easton

So ends Wednesday.

1911 Journal of Bk. Andrew Hicks

Dec. 21st.

Lat. S. 27°-27' Lon. W. 43°-25' Very light S.E. until 2 P.M. then breezing to moderate S.E. at dark. saw two turtle & caught nine large dolphin. whale passed close to ship during last night. Latein it was "Queen". Bk. Dove hauled on port tack. Up mainsail set. So ends.

22nd.

Lat. S. 25°-12' Lon. W. 44°-15' Moderate S.E. dying on to strong S.E.E. & E.S.E. reefed & furled all light sail & also one topsail. merchantman found to S.W.

23rd. Lat. S. 24°-30' Lon. W. 44°-45' Strong E.S.E. dying out & hauling to S.S.E. at 6 P.M. tacked on port tack & made top-sails & courses. saw one sail. So ends another day.

24th. Lat. S. 30°-55' Lon. W. 16°-44' Moderate from S.E. to E.N.E. saw nothing steering S.E. main t'gallant sail & fly jib out sent in fly jib repaired it & sent it again. So ends this Sunday

25th. Lat. S. 32°-44' Lon. W. 46°-36' Moderate Strong N.E. tack running under main t'gallant sail S.S.W. until 2-30 P.M. then kept S.W. saw two grampus. at night come down to lower topsails & jibsail. So ends Christmas day.

1911 Otaw. to Coast Harbor.

Dec. 26th. Lat. S. 34°-05' Lon. W. 47°-44' Strong N.W. in morning hard squalls with rain. At 7.30 then bearing right N. middle of day. Came to Latch & came sail. got out a sack of coal for cook & fitted casks & filled water in fore hold.

Dec. 27th. Lat. S. 34°-27' Lon. W. 47°-48' Light airs from W. in morning dying calm & at 3 P.M. rising up from E. finish E.N.E. at dark. fitted mother & to go down to Coast for main rigging. Saw a tug & gramps to Ends another day.

Dec. 28th. Lat. S. 35°-03' Lon. W. 47°-18' Beginning from E.N.E. finished last lower main topsail, fore, main, & mizzen staysails. on port Starboard tack. Barometer went to 29-1+ at 6 P.M. finished main topsail & now ship wind backing around by N. to W. blowing heavy. Barometer started up at 6 P.M. fore main topsail.

To Ends.

Dec. 29th. Lat. S. 35°-30' Lon. W. 48°-30' Gale moderating & wind went to S.W. P.M. set fil & fore topmast staysail, main, topmast staysail & spanker. high seas. another day disappears.

Dec. 30th. Lat. S. 34°-57' Lon. W. 48°-21' Calm all day. sent down fore main top sail & sent another. got sight breeze from E.N.E. just before dark. saw nothing.

Dec. 31st. Lat. S. 35°-30' Lon. W. 44°-42' Moderate gale from N.E. at 6 A.M. kept ship S.W. under lower topsails & foresail until 3.30 P.M. then S. until 7 P.M. when furled the foresail & come to the wind on the starboard tack. saw gramps & hide out.

To Ends Sunday & December forever.

January 1912

Journal of Bk. Lindsey Hicks

1st. Lat. S. 35° 45' Lon. W. 49° 58'

Puffy & unsteady winds today from N.W. in morning to nat night. saw cowfish & killers. birds. took under whole Topsails & jib. shortsail at night. So ends new years day.

2nd. Lat. S. 35° 29' Lon. W. 49° 22'

Very light S. today. took on eastern tack. saw many porpoise & some grampus. repaired main rail. got out water & worked on fore lower topsail.

3rd. Lat. S. 35° 10' Lon. W. 49° 31'

This day comes in calm. & light a very light air from N. & on 7.30 a.m. to 4.30 P.M. then buzzing up from N.E. a nice breeze at dark. raised a large sperm whale at 6 A.M. going S.S.W. a good jag. lowered three boats & chased. boats got aboard at 6-30 P.M. no success. saw grampus & cowfish. kept sail on ship at night, steering S.S.W.

4th. Lat. S. 36° 20' Lon. W. 50° 00'

Buzzing up from N.E. have set sail. hoisted Mainsail & right sail at 10 P.M. & fore topsails at 12, steering S.S.W. set the main topsail at noon & found it rain at 1 P.M. main topsail sail fine wind going E.S.E. in night. setting sail day. main lower main topsail & staysails set in night on ship, sand & cut- fish & coils to crew.

So ends another day.

Chas. H. Tobias Master.

1912
Jan. 5th Strong S.E. & E.N.E. steam calm from 1 to 4 p.m. then light S. for an hour then calm & looking like bad weather to N.E. put back under lower main topsail & three staysails, on port tack. saw nothing. Barometer 29.7
Lat. S. 36° 13'
Lon. W. 50° 10' R.

6th. Lat. S. 36° 30' Lon. W. 50° 00' R. Blowing on from W. at 10 am blowing heavy. rolled rail starboard to P.M. blowing hard furled main Topsail at 4 P.M. wind W.S.W. back under fore & mizzen staysails. barometer 29.5 at 6 P.M. started up. at 12 midnight 29.7 & weather improving. set main staysail. tried pumps & got little water & ends.

7th. Lat. S. 35° 34' Lon. W. 50° 17' Calm moderating all day wind S.S.W. to light air from S. P.M. high sea on. set topsails, lower & top'mast staysails at 11.30 a.m. & P.M. set fil & main topmast staysail to tidy ship. not wind enough to steer with the sheen. manned mastheads P.M. saw nothing but albatross & mutton birds. Johnson off duty. unit torn off from toe to toe. ends another day.

8th. Lat. S. 35° 05' Lon. W. 50° 41' John Ramos off duty sick. Calm until 7 A.M. then very light E.N.E. & steering S. kept sail on at night. stowed after hold over to make room & get ballast in. put 9 tons & 2 tierces & filled one cask fresh water found empty in ground on port side. broke out starboard side but did not finish. found 4 casks beef slack & pickle out took 3 on deck & coopered filled two with new pickle & left one up to use not as very bad also stowed rum. got out 4 tons.

35°-22' slacking all day & going S.E. finished
Lon. W. boiling blubber at 10 a.m. finished pink
48°-12' at 4 p.m. 30 bbls & will finish running oil at
9 P.M. run three tanks oil 65 bbls. saw
shoal blackfish.

3rd. blackfish just at night.
Lat. S. Calm with a swell on. saw nothing.
35°-27' put head in cook cask, staged, & filled with
Lon. W. salt water as towing. repaired bottom of
48°-40' deck pot & took Trainer off cooler & cleaned
it inside. very foul with accumulation of
[illegible] caked in so that oil would not run
[illegible] men washing up clothes.

4th. Light N.W. fine day. saw two shoals of
Lat. S. blackfish, two shoals of porpoise & a number
36°-10' of grampus. run balance of oil into
Lon. W. casks 65 bbls. 185 bbls these last five whales. now
48°-51' we need more just as bad.

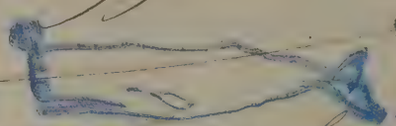
5th. Light N.W. smooth sea & clear sky. saw
Lat. S. a lot of porpoise & grampus. flocks of birds.
36°-41' sent a new fly jib & mizzen topmast stay-
Lon. W. sail also sent down old mizzen maintopsail
44°-07' & foresail. sent goodones (used) in place
of oldones.
To ends another day. still no
sign of oil, must have more oil.

1912 Journal of Bk. Andrew Hicks

March 6th.

Lat. S. A beautiful day for whaling, but saw
Lon. W. no whales. plenty of porpoise & grampus.
31° 58' Moderate breeze & a smooth sea. bent
49° 42' a new mainsail & main top gallant sail.
old ones too poor to risk around the
land & we will soon have to go in to the
river whether we have oil enough or not.
(Gave over whaling 1st inst.)

Another day gone /



7th. Moderate N. some nazy. fine whaling
Lat. S. day. raised a fine whale at 6-30 A.M. &
32° 46' lowered at 7-45 struck at 11-30 got him
Lon. W. alongside at 1-30 P.M. had some bother
49° 00? whale sinking & then rose with getting
head off so that came on dark when
head came off. quit & made away for
the night. whale quiet.

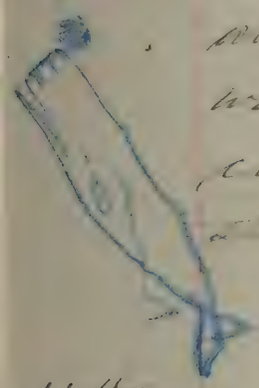
8th. Windy day this has been. wind went
to S. at 1.30 A.M. & squalls of wind & rain
N. W. & S. came down. hooked on or rather lone up
on body at break of day (5-30) had bother on
thither all night, as whale was sinking. sea
rising fast. got body in landed case at 10-30
no rain after 1 P.M. but got down to a mod-
erate gale. started works & cut up the junk
& put it in casks. had to run off to cut
let breakfast pass by only 2 meals today.
first time. Sounds this day

1882 Chas. H. Black Master

March

7th. Lat. S. 36°-20' Lon. W. 56°-43' Wind died out during last night. Very light E.S.E. today. swell going down. Saw Porpoise & one steamer bound N. got her longitude. found our position to be as expected. employed boiling. Jas. Johnson off duty cramps, he says, since he got his share of food.

10th. Lat. S. 36°-12' Lon. W. 57°-09' Moderate N.E. some swell on. fine day for whaling. raised large whale to windward at 6-30 A.M. working to windward. lost him at 10-30 raised scattered lots at 11 AM & lowered at 12-30 got a small one alongside at 2 P.M. cut him in. all whales working to N. & N.E. finished boiling all but case of large whale at 12-30. Johnson still off duty.



11th. Lat. S. 36°-22' Lon. W. 56°-22' Light N. at daylight, at 6 AM. started to rain. cleared at 8 & died calm & airing gently from S.E. in two tenths at 10 A.M. Finished boiling at 3 P.M. at 4 got smart breeze from S.S.E. 1/5 raised three whales. made for but saw them but once more. lower topsail at night.

Rents Monday.

Journal of Bk. Andrew Hicks,

March.

12th. Light S.S.E. ~~Today~~ (Sunday) & saw grampus & cowfish, run down balance of oil. 38 bbls. +
Lat. S. Johnson on deck ~~today~~ but not on duty.
35°-42'
Lon. W.
50°-22'

/ / / / /

This day comes in calm a light N.E. air springing up at day light. at 3.15- a.m.
13th. whales were around ship. & ~~[illegible]~~ again at
Lat. S. 5 two more passed by. being in sight at
35°-45' daylight, lowered all boats & got one young
Lon. W. bull alongside at 12 M. good show for more
50°-03' but not mind enough. cut the whale &
sent boats off again at 3 P.M. & got another
fluked at 6-30 & dark. made smoke for the
night. started try works having whale cut up
in horsepieces expecting junk. Nicolas Pedro
got cut on cheek by second iron on striking
a whale. saw grampus, shoals of fish, &
flocks of fur. whale birds. & Albatross.
Saw one sperm whale.

14th.
Lat. S. Light E.N.E. clear until 3 P.M. then cloudy,
36°-05' & drizzling at 6 P.M. saw one shoal porpoise &
Lon. W. some fish, few birds. apparently off the fertile
49°-27' strip. cut the whale before breakfast. boiling.
got out staves, heads & hoops for two more casks to set
up for water. J. Estivo Monteiro off duty again pain
in chest.

So ends this Thursday.

March. Elias H. Ellis master
1912

15th. Moderate N. coming to rain at 3.30 A.M. Rain-
ing, wind going to N.W. blowing a smart
gale by 6 A.M. moderating during night.
finished toiling at 5 A.M. and blacksfish.

16th. Moderate wind with high sea on in
Lat. S. morning. wind S.W. sea going down all
36°-04' day. at 8 A.M. a shoal of whales with a
Lon. W. large bull in it, came just of ship. lowered
50°-06' at 9 A.M. boats got aboard at 10 A.M. no success
tried for large whale. could have struck
a small one. mate tried a small one but
a sea threw boat in going on & did not get
fast. whales working S.W. when raised.
saw one merchant bark going to N.E.

17th. Light E.S.E. at 6 A.M. saw shoal whales scat-
Lat. S. tered with large whale in it. lowered your boats
36°-06' at 7 & got large one alongside with two small
Lon. W. ones at 10-30 A.M. cast one small one (dead)
44°-14' one past other whale & fasted. cut the two
small ones & got dinner at 12-30 started works. P.M.
got head off large whale. then being dark, got
on spent set watch. whales quiet. I did not
go off far. whales working S.W. when raised.
so ends St. Patricks day / Sunday.

18th Calm with flats of air. no men, daylt. took
Lat. S. in the whale, pumped water, run one tank
36° 13' of oil, started cutting junk. toiling all day.
Lon. W. five men off duty in with cut past one with
44°-06' headache pain all over & ent. stay air for rain.
improved. fine day. A.C.

Journal of Bk. Undsen Hides

1912
March
19th.
Lat. S.
36°-30'
Lon. W.
49°-00'

Light N.W. clear sky. finished cutting junk at 2 A.M. sun one tank of oil this morning. set up two casks & flagged them also flagged two others one head, & stowed them all in between decks for fresh water. cleaned out blubber room. hauled it on deck to make room for fresh blubber. at 9.30 A.M. raised shoal whales. lowered at 10-30' & at 6-30 P.M. got last one of four alongside finked sails, & got supper at 8. cooled by works to lower all boats. started again at 4 A.M. Tonight watch boiling & pumping water. saw a full rigged ship heading to N.E. South mate got boat stoven. lost whale.

So ends another day.

20th.
Lat. S.
36°-51'
Lon. W.

Very light air from N.W. no men aloft. looked on to whales at 6 A.M. took in two then being 8 o'clock got breakfast. after that took in the last two, being 11-45 got dinner at 12 M. finished boiling old blubber at 1 P.M. cleared up heads, run the case through the fires & started boiling junk, new, old in casks did not disturb. sun one tank of oil. got lines & cut. ready for more whales. Did you ever see such weather

Another busy day gone. (on this ground?)

21st.
Lat. S.
37°-12'
Lon. W.
77°-15'

Light N.N.W. to N. today. saw grampus & porpoise. employed boiling. worked on an old upper topsail repairing cleaned up large whales jaw & odd jobs that come up in whaling. fine day, sun one tank of oil.

All men on duty for a wonder. cut face mare helping steward. Hoys sew sail & cut.

1912 Chas. A. Chase Master

Mar. 22nd.

Lat. S. 37°-26' Lon. W. 48°-37' Moderate N.N.W. some overcast at times. saw one merchant bark, steamer & 3 sampans U.S. under lower topsails, foresail jib, fly jib, mizzen topmast staysail & spanker. employed boiling. finished body, at 1-30 P.M. sink at 6 & then started to run oil thro' the pots. run down two tanks oil, pumped two casks water. finished repairing upper main topsail. put rigging gear on corner cathead pin, cooper made spade pole & other small jobs.

So ends Friday.

23rd. Lat. S. 37°-25' Lon. W. 49°-48' From N. some hazy. finished boiling at (case oil) midnight. washed clothes & repaired or worked on old fly jib. saw nothing. bark under all plain sail fly jib & mizzen topmast staysail lower topsail & courses at night. Overhauled on starboard tack

24th. Lat. S. 37°-19' Lon. W. 51°-24' Mod. gale from N. first part. P.M. veered W.N.W. & W. staysails out & lower main topsail (A.M.) furled main topsail 10 A.M. set fore & main lower topsails & foresail 2 P.M. run down 25 pots, oil in morning.

25th. Lat. S. 36°-30' Lon. W. 51°-36' Light & moderate E.N.E. bark under reefed sail mains'l all day. saw one sail. set spanker & flagged ~~mizzen topmast~~ also flagged three others. fore water shifted water & run out. about three qts. left in tank. under lower topsails at night.
